

CONSTRUCTION ALERT

**Nighttime Restriction on North Tegner June 23 through 27;
Kerkes Street Repaving Scheduled for Week of June 30**

- North Tegner Street (US 93) will be restricted to one lane just north of the Monte Vista Ranch entrance during nighttime hours from June 23 to 27 to accommodate the relocation of Southwest Gas and Qwest facilities. The lane closure will be in effect between the hours of 7 pm and 6 am. A pilot vehicle will be used to guide motorists through the work zone. Both lanes of North Tegner Street will be open to traffic during daytime hours.
- Parking restrictions on Kerkes Street will continue through the end of June, until construction crews repave the area disturbed by utility trenches. Repaving is scheduled to occur during the week of June 30. The parking lot of the Community Center will also be repaved at that time.

Drivers are encouraged to give themselves extra travel time and to be prepared to slow down approaching the work zone. While ADOT strives to inform the public about planned roadway restrictions, during any complex construction project, there is a possibility that unscheduled closures or restrictions may occur. Please visit ADOT's Travel Information Site at www.az511.gov or call 5-1-1 for the most current information about planned restrictions in the area.

The Wickenburg Interim Bypass is part of the 2004 voter-approved Regional Transportation Plan for Maricopa County. We are working hard with our transit partners to implement the voters' vision and are committed to quality, safety, open communication with our neighbors, and minimal inconvenience to the traveling public.
